Ref 3408-sport Natural Sports Sand – 10:18 Sports Sand from Specialist Aggregates

Alternative Suggested Uses:

Event Decor

**Resin Systems &
Floor Screeds**

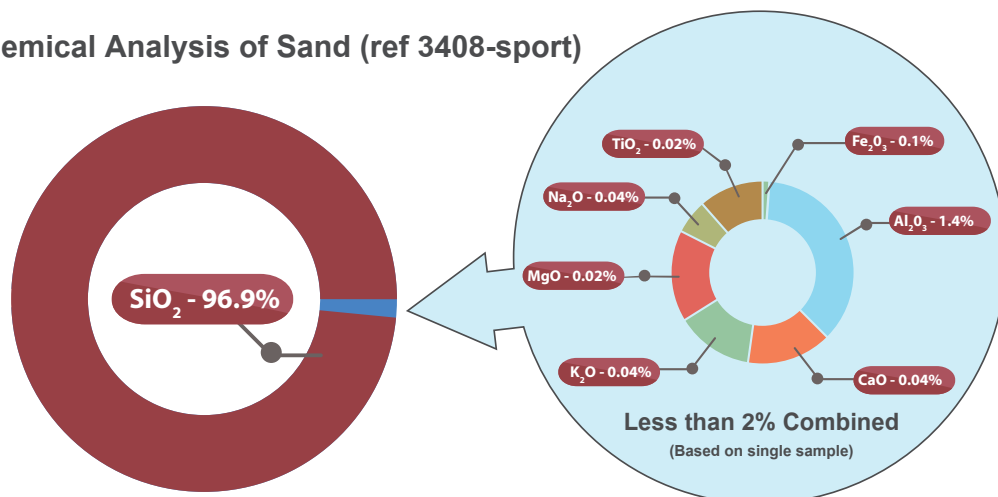

Art Installations

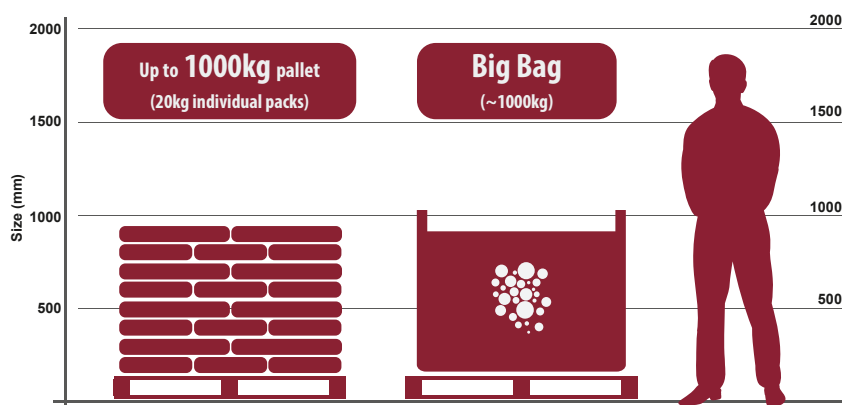

Description:

Natural Sports Sands are manufactured from rounded quartz sands that have been washed, dried and closely graded to both remove dust and to achieve a grading such that 85% of particles are within the size range of 0.7mm to 1.4mm.

Chemical Analysis of Sand (ref 3408-sport)

Packing

Technical Data

Particle Shape	Rounded
Colour	Natural
Grain Size	Nominal 0.7-1.4mm
Hardness (Mohs)	7
Specific Gravity	2.65 g/cm ³
Bulk Density	1.5 t/m ³
Loss on Ignition	0.1%
Acid Solubility	Max 2%
Permeability	>25 m/hr (TBC)
